☎ (442) 682 3251

📍 Lake Wilmermouth, 60858-9681, New Jersey

Education

- **Master of Science in Knowledge Engineering**
  Maastricht University
  2017 - 2021

Skills

Data Analytics - Expert

Machine Learning - Expert

Natural Language Processing - Expert

Data Visualization - Expert

Programming - Expert

Database Management - Expert

Summary

Experienced Knowledge Engineer with 5+ years' experience in data mining, machine learning, and artificial intelligence. Proven success in building and deploying AI systems that deliver significant business value.

Work Experience

Knowledge Engineer, Wunsch and Sons
March 2023 - Present

- Utilized knowledge engineering practices to develop detailed data models for a variety of complex software applications.
- Applied data mining and knowledge engineering techniques to solve complex business problems.
- Developed algorithms and software tools to automate the knowledge engineering process.

Knowledge Engineer, Breitenberg Group
May 2021 - February 2023

- Optimized existing knowledge engineering processes to increase efficiency and accuracy.
- Collaborated with stakeholders to identify data requirements and develop knowledge engineering solutions.
- Managed end-to-end life cycles of knowledge engineering projects from requirements gathering to deployment.
